Prix Versailles 2022: World Titles Announcement

At the intersection between multiple disciplines, the Prix Versailles World Judges Panel once again had the honour of shining a light on the best in contemporary architecture.

Chaired this year by philosopher **Gilles Lipovetsky** (France), the World Judges Panel also includes the architects **Thom Mayne** (United States), **Lu Wenyu** (China) and **Thomas Vonier** (United States), the designer **Jasper Morrison** (United Kingdom), the disc jockey **Charlotte de Witte** (Belgium), the filmmaker **Mahamat-Saleh Haroun** (Chad - France) and the mountaineer **Samina Baig** (Pakistan).

A total of 24 projects from around the world were celebrated this year from amongst the 94 finalists shortlisted by the World Selections (in the categories of Airports, Campuses, Passenger Stations and Sports) or recognized as continental laureates (in the categories of Shops & Stores, Shopping Malls, Hotels and Restaurants).

The Official Announcement, which took place at UNESCO Headquarters on 19 December 2022, gave Gilles Lipovetsky the opportunity to reiterate the excellence of the finalist projects.

This year's choice of laureates – which pays tribute to innovation, creativity, reflections of local heritage, ecological efficiency and the values of social interaction and participation which the United Nations holds in high regard – is in line with the principles of *intelligent* sustainability, taking the projects' ecological, social and cultural impacts into consideration.
